PROFILE SUMMARY

Motivated and detail-oriented Full Stack Web Developer with practical experience in building modern, responsive websites and web apps. Skilled in HTML, CSS, JavaScript, React, Next.js, TypeScript, Tailwind CSS, and basic Node.js.

Good at creating clean designs, writing organized code, and making user-friendly interfaces. Enjoys learning new technologies and working on both frontend and backend parts of websites. Ready to contribute to any development team with strong problem-solving skills and a passion for web development.

PROJECTS/HANDS ON EXPERIENCE

AL Nafey Group *(Mar–Apr 2023)*

- I designed and developed a professional website for **Al Nafey Group** (www.alnafeygroup.com), a multi-service business. The project involved building two key pages: **Home** and **Services**.
- My responsibilities included **layout design**, **UI/UX structuring**, **mobile responsiveness**, and ensuring a **clean, modern interface** aligned with the brand identity. The final result was a **user-friendly, visually appealing**, and **fully functional** website that effectively enhanced the client's online presence

Farmhouse Al Nafey Group (june-july 2023)

- I developed a clean and functional website for **Swiss Haven Farmhouses** (www.swisshavenfarmhouse.com), with a strong focus on **user engagement** and **simplicity**.
- The site included two main pages: **Home** and **Booking**, and featured a custom logic that enabled users to **connect directly via WhatsApp**, simplifying the booking and inquiry process. Built with a **user-centric design approach**, the website ensured **smooth navigation**, **full responsiveness across all devices**, and a **seamless experience** for potential customers.

Quran Art   (Mar 2024)

- I designed and developed a **fully responsive homepage** for **Quran Art**, with a focus on a **clean and elegant layout** that reflects the beauty and significance of **Islamic calligraphy and design**.
- The site was optimized for **seamless viewing across all devices**, including mobile, tablet, and desktop. Special attention was given to **typography**, **spacing**, and **aesthetic balance** to create a **visually engaging user experience**, while ensuring strong **performance** and **fast loading speeds**.

Khaddi (June 2023)

- I developed a **practice e-commerce website** inspired by **Khaadi**: farmhouse-vt2e.vercel.app, focusing on showcasing **sales**, **new arrivals**, and **detailed product pages**.
- The site included multiple pages with real-like content such as **product listings**, **image galleries**, and **description sections**. A key feature was a **custom search functionality**, enabling users to easily find specific products or categories. The website was designed to deliver a **real shopping experience**, with a strong emphasis on **UI/UX**, **responsiveness**, and **smooth navigation** across all devices.

Pizza Pulse (November 2022)

- I built a **modern menu page** for a practice project titled **Pizza Pulse**, designed to showcase pizza products in a clean and organized layout.
- The page includes **product cards** with titles, descriptions, prices, and images, making it ideal for real restaurant or food delivery platforms. Built with **React** and **Tailwind CSS**, the layout is fully **responsive** and delivers a **smooth user experience** across mobile, tablet, and desktop devices.
- Live Demo: https://pizza-pulse-phi.vercel.app/menu

EDUCATION

Bachelor of Computer Science *Lahore Garrison University, Lahore | 2022 – 2026*
Intermediate in Computer Science (ICS)
Govt. College MAO, Lahore | 2020 – 2022

LANGUAGES

Mother Tongue(s): *URDU*

Language	UNDERSTANDING		SPEAKING		WRITING
English	Listening	Reading	Public Speaking	Confident Delivery	Formal Writing
Levels	C1	C1	B2	B2	B2

Levels: A1/2: Basic user – B1/2: Independent user – C1/2: Proficient user

KEY SKILLS
Technical Skills

- **Frontend:** HTML, CSS, JavaScript, React.js, Next.js, Tailwind CSS
- **Backend (Basic):** Node.js, MongoDB
- **Tools & Platforms:** Git, GitHub, VS Code, MS Office
- **Version Control:** Git & GitHub
- **Other:** Responsive Web Design, UI/UX Basics

Soft Skills: Communication | Teamwork | Time Management | Problem Solving | Critical Thinking | Adaptability | Empathy
